

# MEC DIESEL

PRESS RELEASE

## Mec-Diesel is BMTS Technology official distributor.

**Candiolo, 17/07/2022** – Mec-Diesel officially becomes part of the distribution network of **BMTS Technology**.

With this new partnership, the Turin-based company confirms to be a specialist in the distribution of the turbochargers range and enlarges the available references for **passenger cars and light commercial vehicles**.

In accordance with this business strategy, Mec-Diesel position itself on the market by presenting to distributors and turbocharger specialists an increasingly complete product portfolio.

In the range offered by Mec-Diesel, BMTS Technology provides **OE and aftermarket turbochargers, that ensure quality and high performance**.
